**Filed Feb 21 2014 for a hearing on March 27 2014**

**Petitioners Notice of Motion and Motion for Class Certification,**

**Appointment of Class Representatives and Appointment of Class Counsel.**

Although the motion is noticed for hearing on March 27, 2014, it is more likely to take place in June (a new date has not been set). Please note that I removed the exhibits from the declaration so they would not be so long. Exhibits are available if anyone wants to see.

(This will be on the web page shortly and consists of 18 documents that give more complete details of each Petitioner)

This action is representative and includes 10 Petitioners that average of between 20 to 30 years' service with the UC. Some have Social Security and Medicare, while others do not. We have started the next evolution to bring this matter to the courts, and of course the commonality is cost. The overall expense prevents any individual from being able to challenge decisions from the UC, but together we can get that day in court, that we have been denied. Once our legal team has rulings from the court concerning our next requirements we will have an expectation of cost.

Again I will not allow our group to go forward without the anticipated resources, in the bank.

There is also an opportunity for any volunteers that are willing to help on the board, (secretarial duties) (Treasurer) (Web Master), Maintain our donor list, and communications with all our retirees. The best way to have an influence is to be present at our board meetings in Livermore, and that way is to become a member of the board of UCLRG (unpaid volunteers). At present time our board consists of five people, and we need to expand with at least five more volunteers, to insure that we are able to continue this effort. Board meetings are scheduled by the President, at the request of any member of the board, as necessary.

The present board has been handling this efforts since 2008, and we could use some help
